## Shirt Collar Set & Tape

### Collars • Cuffs • Bottom Bands

- Private label prior to shipping
- Electronic metering provides:
  - Uniform sizing
  - Push button size changes
  - Consistent repeatability
- Self-contained unit applicable to most industrial overlock machines

### DESCRIPTION

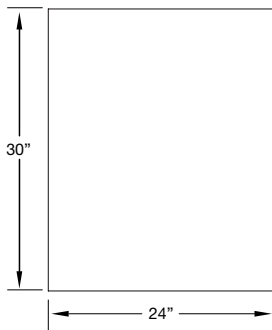

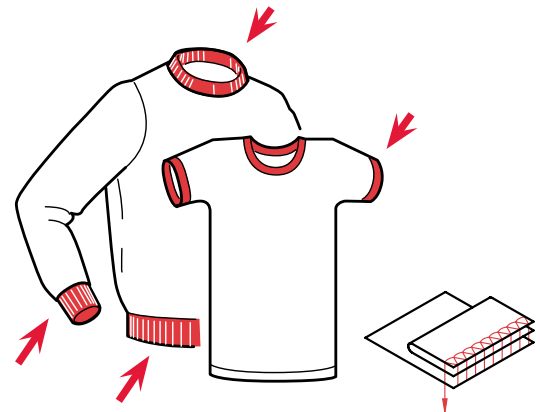

The shirt collar is set and tape applied with one shoulder closed in one operation. This provides a shoulder-seam-to-shoulder-seam display tape and allows tape top-stitch and label as final operation.

### OPERATION

Consists of a variable speed rib knit collar tape feeder and a movable taping folder. The collar is applied to a shirt with one shoulder open. The taping is engaged at start of sew and disengaged as the shoulder seam approaches the presser foot.
